We hope you will consider helping us reach our goals by supporting this year's festival production in your community.

Your membership includes support of the summer theater festival and other projects produced by our organization. For your benefit, when you join at one of our business/organizational levels, you will receive a variety of advertising premiums, complimentary show tickets and more!

Your membership positively affects the youth and communities of Northwest Kansas and adds to the cultural make up and offerings of our region. Thank you in advance for your support!

Sincerely,
